UPDATE

**Spring
2022**

NETS UP !

**We decided to move spring right along by getting the tennis nets up!
Since the people who have installed the nets in the past weren't around this year,
some volunteers stepped up to handle the job.**

**It wasn't exactly easy to do, but our deepest gratitude goes to our "team leader" Mark Hord,
and helping hands Chris Smith, Jock McGregor, Jerry Pearl, and Eloise Lewis.**

Volunteers working hard to get all the nets up on April 10

Fob System

Use your fob to gain entry to the courts and please don't prop the door open. As owners, we pay for the upkeep and maintenance of our courts and aim to keep them accessible only to residents and their guests. As well all know, non-residents often boldly just drive in and use our facilities!

A few issues with the fob system are currently being repaired, so some doors may remain unlocked on a temporary basis.

Court Sign-Up

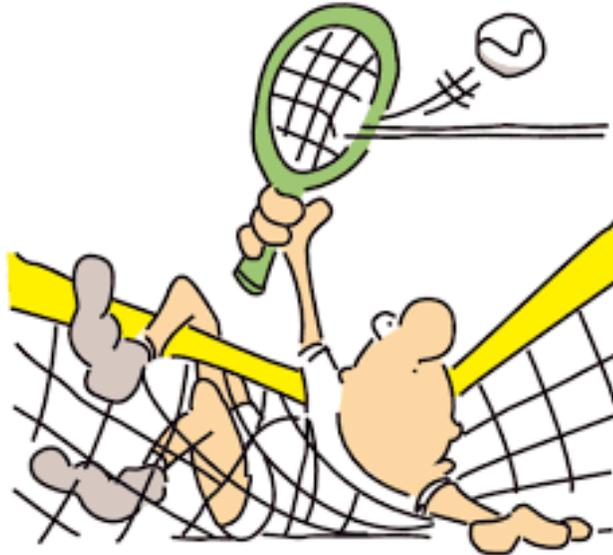

LHP is introducing an online court booking system, to replace the old tag boards. More details will be forthcoming on how to use it. Have no fear - it's an easy App!

Practice Board

A new practice board has been ordered, to replace the big green one at the back of Court 3 at the Water Courts. Depending on the supply chain situation, it will hopefully be here by the end of May or early June. It is a *quiet net board*, which will be installed on the fence of Court 3 at the Middle Courts. This will take away any interference with the pickleball courts over on Courts 2 & 3 at the Water Courts, as well as allow more available time to book the court to use the board.

More to come on
our pros, lessons
and clinics

Tennis Season Kick-Off

Mark your calendars! We hope to arrange an event to kick off our tennis season on Saturday, May 28th in the afternoon. More to come.

Player Fee

In the past, we collected \$10 from everyone who came out on Saturday mornings for the organized play for the Intermediate and Advanced groups at the West and Middle Courts. As well, we charged each time for participation in round robins. Then, anyone who wanted to use the ball machine had to pay \$5 each time. The money went towards covering the cost of balls and maybe some basic refreshments.

This year, we're introducing an "across-the-board" \$10 fee to cover these costs and to make it simpler for everyone.

We would ask every tennis player who uses our facilities in any way to please send an e-transfer to our Tennis Committee Treasurer, Marg Verkuyl, at verkuyl6@hotmail.ca

If anyone is not equipped to send e-transfers, please contact Marg for alternate arrangements.

New Members of the LHP Tennis Committee

We're happy to welcome new members of our Tennis Committee and to thank Sandra Dodgson (who managed the Intermediate tennis group) and Linda Gyetvai for volunteering their time on the committee these last two years. And thanks to Rick Zimmerman who co-chaired the committee, and has stayed on as an advisor.

Your new Tennis Committee:

Eloise Lewis (Co-chair)

Chris Smith (Co-chair)

Rick Zimmerman (past Co-chair)

Marg Verkuyl (Treasurer)

Mark Hord

Doug McGillivray

Jerry Pearl

See you all soon on the courts!!
