

Pet Newsletter

Pets on leashes

The Board and Management would like to remind all owners and tenants to please have your pets on a leash when on any common element in Lighthouse Point.

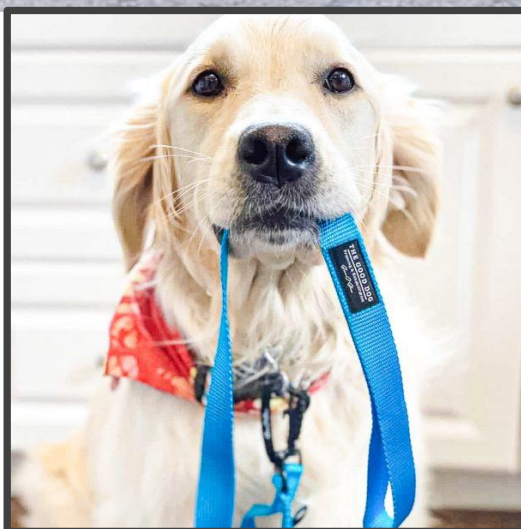

We would like all residents, tenants, and pets alike to enjoy the amazing outdoor areas Lighthouse Point has to offer.

The Shared Facilities has rules for Lighthouse Point that state:

Section 3 item b) "All pets must be leashed and under control at all times in the company of the owner while on any part of the property"

The town of Collingwood also has a by-law put in place stating:

Section 10.1 "No owner of a dog shall allow their dog to run at large."

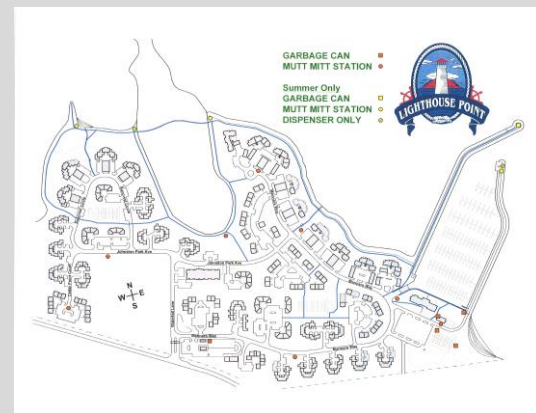

If you have any questions or concerns, please contact:

DOG STATIONS

The Shared Facilities of Lighthouse Point have installed dog stations throughout the property

Please remember to pick up after your pets. Pet waste when picked up in a compostable bag - like the ones provided at LHP - or paper bags, should be disposed of in the Organics bins at the Molok stations.
